

Giving

OF OUR HEARTS  FROM OUR HEARTS

Dear Church Family,

There is no doubt that God is doing tremendous works here at Christiansburg Baptist. We have seen Him draw people to Himself in salvation and bring us all into deeper fellowship with Himself and His people. I am so excited to be a part of what He is doing.

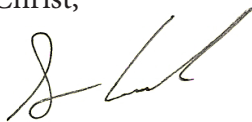

One of the great blessings we enjoy as a church is a beautiful, spacious facility to use for His glory through worship, teaching, recreation, and fellowship. He is allowing us not only to use this facility for what He is doing through our church, but He is allowing it to be used in His kingdom as we open it to other churches in the community and the state convention.

However, this blessing of a building does not come without cost. Most of you are aware that we still carry a great burden of debt on this facility. That burden is so great that we are making a special emphasis on debt repayment through annual Capital Stewardship Campaigns. These emphases will consist of offerings above and beyond our normal tithes and offerings that will go into a designated account to pay down the debt on the church building. Our giving to this year's Capital Stewardship Campaign will officially begin on February 26, which will be a special Love Offering Sunday. We will also be asking you to make a faith commitment on that day of any additional amount you feel God will allow you to give to this campaign between Love Offering Sunday and October 21, 2012.

As you look through the information in this packet, know that we will be talking more about this in the coming days, so many of your questions may be answered then. If you still have questions, please don't hesitate to contact me.

Our theme for this year's campaign is *Giving: Of Our Hearts, From Our Hearts*. We'll be talking about what this means throughout the month of February, so stay tuned for more information.

In Christ,

Pastor Sean
